

Prayer to Fulfill Divine Destiny

Lord I thank You for my brother and sister in Christ.

Lord I thank You that they were created in the image of God!

Lord I thank You that You knew them before they were even born and being formed in their mother's womb.

Lord I thank You that You brought them forth at this time in this place with Your specific plan, purpose, works and divine destiny prepared in advance for them to walk in.

Lord bless them with divine wisdom, revelations, dreams and visions of the path You have prepared for them to walk in.

Lord bless them with a hunger and thirst for Your Word in the Bible and ears to hear and a heart to obey Your voice.

Lord bless them with divine protection. Send Your angels to stand guard over them, their family, their work and ministries.

Lord bless them with divine provisions so they and their family will never lack for no good thing.

Lord bless them with divine health and healing. We declare that they and their family will not become sick or injured.

Lord I pray that they will walk in the SHALOM of God. The peace of God that passes all understanding guarding their hearts and minds in Christ Jesus.

Lord I pray that they will bear much good fruit, fruit that will last and give honor to the Father.

Lord I pray that all the days of their lives they will love the Lord wholeheartedly, love others, and obey the Lord by keeping Your commandments.

Lord I pray that they will be Your disciples, who make disciples, who make more disciples.

Lord I pray that the Day they stand before You in Your judgment that they will hear You say, **“Well done good and faithful servant, enter into the fullness of your reward.”**

I pray all this in faith in a Man who can not lie, in the Name and authority You have given us, in the Name that is above all names, where every knee shall bow and every tongue shall confess, in the heaven, under the heaven and under the earth, that Jesus Christ, Yeshua Hamashiach our Messiah, is King of kings and the Lord of all for the Glory of the Father. AMEN!”
